EXPERIENCE

Aug 3 — Present **National Chiao Tung University, Taiwan** **Research Intern**
Responsible for research in *IoT for Safety Engineering* in construction industries. Designing complete embedded lifecycle and an IoT product for safety of workers in any workplace.

IIoT, nRF91, Unity 3D, NB-IoT, SigFox

Jan 18 — August 18 **SQR Infotech Pvt Ltd** **IoT Intern, Technical Writer**
Worked on Bluetooth 5 based *smart communication - Indoor positioning system*. As the hardware solutions leader, my day to day task include devising new solutions using full embedded life cycle, providing clients with full stack cloud based connectivity solutions for IoT devices. Additionally I also design the documentation and product manuals using Jekyll on Github Pages platform.

Jekyll, nRF52, Google Cloud IoT, Android Things

Sep 17 — Sep 18 **IoT R&D Lab** **Junior Research Fellow, Technical Writer**
Worked on MQTT based novel approach for air quality monitoring and real time weather analysis with alert facility for residents. Designed a HTML documentation of *Smart Floor warning system* project.

HTML, CSS, MySQL, ZigBee, Azure IoT, Python

In addition to the mentioned experience, I have also been working on personal projects like technical blogs, web development and freelancing since 2016

EDUCATION

Feb 19 — June 19 **Nanhua University, Taiwan**
Exchange Student in Semester Abroad Programme

2016 — 2018 **KIIT University, India (7.9/10)**
Bachelor of Technology in Information Technology

AWARDS & ACHIEVEMENTS

Nov 2018 **Smart Odisha Hackathon, Govt. of India** **National Winner**
Won the National Prize in *Open Innovation challenge for smart technologies*, at the Smart Odisha Hackathon 2018 by Make in Odisha Conclave, Govt. of India.

Oct 2018 **TATA Crucible Corporate Hackathon** **Grand Prize Winner**
Developed a winning solution for the *Smart City Enabler challenge - CityX* a IoT platform for the new age problems of Smart Cities using custom IoT gateway.

July 2018 **Smart India Hackathon Hardware Edition** **National Finalist**
Developed and pitched a *Smart Mesh* based Smart Communication for Flood Warning at World's Biggest Open Innovation Movement in India.

Dec 2017 **Make-o-vation** **Runner Up**
Developed and pitched a *Smart Air Quality Index* device for Smart Homes and industries.
